Hachette Books. Hardcover. Condition: New. 256 pages. From tech mogul (Los Angeles Times) Oliver Lockett and MIT Media Labs Michael Casey, a groundbreaking book that illuminates how social media functions on a global scale, how human culture is evolving with it, and how we can master digital content for good and for profit. The co-founder of three multi-million dollar start-ups, Oliver Lockett is frequently asked to speak on social medias impact. But how, he used to wonder, could he best describe the interactions of millions of users, a complicated system of human connections One day, while hiking through Joshua Tree National Park, Lockett had a flashback to his days as a microbiology lab rat--and an epiphany: Social media is an organism, a living, breathing, evolving creature. Lockett and Casey deliver a revolutionary theory of social networks, showing--to an astonishing degree--how they mimic biological life. By examining cells, viruses, and other microbiological functions, we can master social media in both business and in life. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
