

## Applied Security Visualization (Mixed media product)

"Collecting big data is one thing, having relevant information is something else."  
"You are the captain and crew of the ship. The mission of security visualization  
is the use of this data. Part is to make it as simple as possible and part  
is to make it as complex as possible. It's a balance of the two."  
—Rafael Marty, author of Applied Security Visualization

### Book Review

Definitely one of the better publication I have got possibly read. It really is writer in basic phrases and not difficult to understand. You wont sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).
