Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Studies show the #1 factor for career success is communication skills. In these tough economic times it is critical that you learn to communicate with power and effectiveness. Public speaking is the language of leadership. If you can stand in front of a group and convey your ideas in an understandable and interesting fashion, you will automatically be seen as a leader. You will be recognized as an expert - even if you are only one step ahead of the crowd. Think about the great leaders and business personalities in history. William Jennings Bryan, Winston Churchill, FDR, Martin Luther King Jr., Ronald Reagan, Lee Iacocca and others. Everyone of these people were mere mortals like you. However, everyone of them knew how to speak the language of leadership; they knew how to convey their ideas in a public presentation in an understandable and interesting way. The Power Presentation will show you how to do the same.
