

## Muses, Madmen, and Prophets: Rethinking the History, Science, and Meaning of Auditory Hallucination (Hardback)

---

By Daniel B Smith

Penguin Press, United States, 2007. Hardback. Book Condition: New. 223 x 152 mm. Language: English . Brand New Book. The strange history of auditory hallucination throughout the ages, and its power to shed light on the mysterious inner source of pure faith and unadulterated inspiration. Auditory hallucination is one of the most awe-inspiring, terrifying, and ill-understood tricks the human psyche is capable of. Muses, Madmen, and Prophets reevaluates the popular conception of the phenomenon today and through the ages, and reveals the roots of the medical understanding and treatment of it. It probes history, literature, anthropology, psychology, and neurology to explain and demystify the experience of hearing voices, in a fascinating and at times funny quest for understanding. Daniel B. Smith s personal experience with the phenomenon-his father heard voices, and it was the great torment and shame of his father s life-and his discovery that some people learn to live in peace with their voices fuels this contemplative, brilliantly researched, and inspired book. Science has not been able to fully explain the phenomenon of auditory hallucination. It is a condition that has existed perhaps as long as we have-there is evidence of it in literature and even pre-literate oral...
