

Patents: A Guide to Inventors, Manufacturers and Merchants, Who Seek to Secure and Maintain Patents for Inventions, Trade Marks and Copyrights, with an Appendix Containing the Complete Patent Law of the United States

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from **Patents: A Guide to Inventors, Manufacturers and Merchants, Who Seek to Secure and Maintain Patents for Inventions, Trade Marks and Copyrights, With an Appendix Containing the Complete Patent Law of the United States** No country in the world produces so many important and useful inventions and discoveries as the United States. This is to a great extent due to the liberality and wisdom of our government in securing to inventors by patents a protection for their inventions, thereby giving them an ample reward for the perseverance and labor, which they employ in making and perfecting the same. But, at the same time, the United States are careful that patents are only granted to those, who really deserve them. Only an inventor is entitled to a patent, one who has originated and produced a new or improved machine or article of manufacture or an improvement in the art of producing useful things, or a novel composition for useful purposes. A mere imitator, and even he, who applies only mechanical skill to the amelioration of existing things, will not be entitled to a patent. In short, original mental work, in the direction of the industrial arts, is to be fostered and encouraged, but not the mere skillful use of known means and devices. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
