This pamphlet, prepared in connection with the hearings, provides a description of many of the relevant Federal income tax considerations. The first part of the pamphlet contains an overview. The second part generally discusses tax policy issues raised by the applicable and proposed tax rules. Part three describes, in simplified form, common forms of acquisition transactions, and part four contains a more detailed and technical articulation of the applicable tax rules. The fifth part discusses possible changes in some of those rules and suggests other areas that may warrant further examination. An Appendix briefly describes possible technical amendments that might be considered. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
