RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 46 pages. OCLC Number: 53621228 Excerpt: . . . Two large health programs - TRICARE and Medicare - influenced the Background design and operation of the Medicare subvention demonstration. The military health system has three missions: (1) maintaining the health TRICARE of active-duty service personnel, (2) medically supporting military operations, and (3) providing care to the dependents of active-duty personnel, retirees and their families, and survivors. In fiscal year 1999, DODs annual appropriations included about 16 billion for health care, of which over 1 billion funded the care of seniors. In the mid-1990s, DOD implemented the TRICARE framework for military health care in response to rapidly rising costs and beneficiary concerns about access to military care. TRICARE covers inpatient services, outpatient services such as physician visits and lab tests, and skilled nursing facility and other post-acute care. It also covers prescription drugs, which are available at MTFs, through DODs National 10 Mail Order Pharmacy, and at civilian pharmacies. TRICARE delivers care through over 600 MTFs - such as medical centers, community hospitals, or major clinics that serve military installations - and a network of civilian providers managed by DODs managed care support contractors. Managed care support contractors also assist beneficiaries and support regional DOD management by providing services...
